

Support the proposed public safety facility

The members of Avondale Professional Firefighters' Association Local 3924 would like to express our support for the proposed Public Safety Facility Bond Offering.

One of the fastest growing cities in Arizona and the nation, Avondale currently has a population of over 70,000 and is projected to be 123,000 by 2020. It has been a challenge for the city to keep public safety services aligned with this growth. In order to keep up with the current growth rate it is necessary to build additional facilities.

Having adequate public safety facilities in your area increases property value and ultimately affects the quality of the services you receive.

We are asking The Citizens of Avondale to recognize the importance of public safety and the incredible rate at which the city is growing. Please go to the polls and vote to support the proposed public safety facility.

Vote "YES" for public safety.

Nate Franco
President, Avondale Professional Firefighters' Association Local 3924 and Avondale
